

Fee breakdown

The total cost of the school year is spread over ten equal fees.

Included in the fee

- All academic activities carried out within school hours.
- The expansion and support programmes within the classroom sphere.
- Extracurricular activities (violin, German and general expansions of the areas) included in our curriculum.
- The psychology and guidance service: guidance for students and their families, support to the pedagogical work, individual follow-up of the students' evolution, one-off interventions at individual or group level and speech therapy and language screening at Infant Education and Primary Education. University and professional guidance
- The follow-up, tutorial action and guidance for the families.
- The childcare service for the 1st cycle of Infant Education on school days and non-school days (Christmas holidays, Easter, June and September, provided the registration is carried out within the set period).
- The parent workshops for all stages with the aim of guiding the families in the comprehensive development process of their child, providing resources and reference material.
- The seminars for parents of Infant Education students for approaching the Montessori Pedagogy for the families and what tasks are performed by the students (includes childcare service when booked in due time).
- Going-out costs
- Cost of voluntary activities
- Preparation for external English, French, Chinese and German exams
- Enrolment for external Primary Education English exams
- The parents' observations during the corresponding stages
- The possibility of attending conferences providing guidance and education for parents
- The canteen service for all stages and playground activities and afternoon snack up until 6th year of Primary Education
- The library service from 8.30 am until 6.45 pm (Fridays until 7.15 pm)
- The general expenses destined to major replacements and renovations at the school

Not included in the fee
